

My Billionaire Lover 3: Dream Come True

Charlotte is thrown into attending her college reunion with Chris, which just seems to make things more complicated. After rushing home and trying to work out her feelings, she finds herself getting steady gigs with members of the elite and finding a new man she is interested in. Charlotte finds herself torn between giving up her love for Chris and chasing new love and going down her own path with her blossoming singer career. Could it be possible that Charlotte could have both her billionaire love and her passion for singing?
