

Still Beautiful- A Channel 20 Something Novel (Contemporary Romance)

USA Today calls STILL BEAUTIFUL a must read romance! Fall in Love Like a 20 Something 20 year old double-engineering major Cinda Moran is the smart one. Her older sister Kenley is the pretty one. Their nightmare match-making mom has always made their roles pretty clear, and its no mystery which daughter she prefers. So while Kenley played the passive dress-up doll, Cinda did the opposite, refusing any attempts to prettify her and make her into billionaire bait. Instead, shes fiercely focused on academics and her internship at an Atlanta TV station. And as far as romance goespleaseshes not even sure true love is a thing. As she does for everything else in her life, Trekkie-girl Cindas got a logical plan: select a sensible mate, come to a mutually satisfactory agreement, and decide to stick it out for better or worse. Then she meets Blake Branham. He makes no sense for her at all. Hes a reporter at the station, years older, and has ambitions to work at the network someday while she intends to stay put in Atlanta. Even worsehes a total alpha. With her own Mr. Spock personality, the last thing she needs in her life is a swaggering Captain Kirk taking stupid risks and tempting her to do the same. And he IS tempting. When shes forced to work closely with Blake on live shots and gets to know him outside the station as well, Cinda feels things shes never felt for another guy and starts to wonder should she boldly go where shes never gone before? Should she give love a chance even if its not logical? STILL BEAUTIFUL is part of the Channel 20 Something series, interconnected contemporary romances featuring 20-somethings navigating the exciting world of TV news, where what happens behind the cameras is the real news.
