

Chapter 29 Revisited: The amazing true story of what happens when a typical American housewife meets Jesus!

You have probably never read a book quite like this! This is a true story about a housewife in Maryland who awakens one night and hears the voice of God speaking to her. Do things like this actually happen today? There is no doubt in this woman's mind that she has received a divine call and her search for the truth begins. There is confusion at first as Jean Coleman begins to take the first steps from sinner to devoted disciple. But when she finds herself at the foot of the cross, the transformation takes place. Her family is amazed over this new wife and mother who is living in their house. They are face to face with a completely different person who views herself as a modern-day disciple and sets out to change the world. The main body of the book covers the first three years of Jean's walk of adventure in the spirit and reads like a chapter from the Book of Acts in the Bible. It's a story of discovery, decisions, dedication and devotion. And in the surprise conclusion of the book, you will see where Jean Coleman is today. No, you have probably never read a book quite like this! It is a book that you will never forget and a book that has the ability to change your life if you dare to believe that with God all things are possible. This is not a fiction novel, but a true real-life testimony. Amazing things can happen to ordinary people when they have an encounter with the Living God. This book is the proof.
