

Sparks & Drops (The Wheel Mysteries Book 1)

The Wheel Mysteries: Book One Magic is in the air when Gus Goodwin, a pagan shopkeeper and owner of the Four Corners occult shop, meets a Niall Valentine, a mysterious PI investigating the disappearance of a local witch named Joy. What starts out as harmless flirting and information gathering soon turns into a partnership, with both men determined to solve the case. Then bodies begin to pile up. Someone is using fire and water to kill witches associated with Joy, and it is up to Niall and Gus to find out what's going on. But when their friendship blossoms into something else, the unknown dangers looming ahead become even more frightening. If they can't solve the murders soon, they're going to get themselves killed.
