

# Come Together (Cityscape) (Volume 3)

Come Together is the third and final installment of The Cityscape Series following Come Undone and Come Alive. With a single decision, Olivia Germane's fantasy has become a reality. Now she is faced with two commitments: one she must make and one she must break. But in order to accept a love she never thought possible, Olivia will have to let go of the broken past that defines her - and of deeply-rooted fears that could ruin everything. Everything is what David Dylan wants to give her, and it's what he wants in return. He must prove to Olivia that despite his playboy ways, he's worth leaving behind the stable future her husband can offer her. David is a man who always gets what he wants ... but this time he may be fighting for something unattainable. Can Olivia escape the past that threatens to consume her? And can David break through to her before it does?
