

Command Me

Experience the bestselling series that has captivated the world... When he kissed me, I was shocked. He was a stranger and still so familiar. It wasn't until I woke up to my picture splashed on the cover of tabloids that I realized I knew who he was. Prince Alexander of Cambridge. Royal bad boy. Exiled heir to the throne. He isn't Prince Charming. He's controlling. He's demanding. He's dangerous. And I can't say no to him. We both have secrets—secrets that could tear us apart or drive us closer together—and as the paparazzi exposes each one, I have to decide just how far I'm willing to go for King and Country.
