

Animal Heat: A Gray Wolf Pack Paranormal Romance (The Animal Sagas - Thrown to the Wolves) (Volume 1)

Life happens to us all - and sometimes, in the blink of an eye, life can go from normal and mundane to absolutely awful. And so it goes with this tale. One minute Lynda Seron, a shape shifter herself, was having a regular old ordinary day at home with her sister, Sonya, when something completely unexpected happened and turned both their lives around forever in the worst way possible.... This 12,000-word episode is the first installment in The Animal Sagas - Thrown to the Wolves Series, a paranormal romance that follows the complicated relationship between the Seron sisters and the Strongheart werewolf pack. (A quick and enjoyable lunch time read! Do you read while eating lunch too?) Notice: This werewolf romance series contains some violence and many shapeshifter love scenes that are fully realized. Recommended for ages eighteen and up.
