

## The Common Thread

Dr. Nicole Coussart and Katie Finan seem to have no common thread, but the one they discover will change both of their lives. Nic has lived a privileged life as the only child of two physicians, but she's not happy. Her career as an ER doctor isn't just like on TV, and she's convinced she'll never find a woman who lives up to her high expectations. Katie has struggled since running away from home as a teenager. Now the father of her children has been shot and the killer is after her. As these two women's worlds become tangled, a secret is uncovered that sends Nic spinning into the arms of DEA Attorney Rae Rhodes. Rae helps Nic make decisions that redefine her life as she learns to live and laugh and love for the first time.
