

Conceit: Se7en Deadly SEALs, Book 1

I dont recognize the damaged woman in the mirror staring back at me: platinum-blond hair, blood-red lips and nails, curves laced up in the finest lingerie. I have transformed into a bombshell to exonerate my brother, United States Navy SEAL Joaquin Cruz. Hes been languishing in a jail cell for the past six months, accused of a murder he didnt commit, his honorable career as a SEAL ruined, his spirit crushed. Ive gone undercover as a stripper to entertain the men of SEAL Team Seven. Ive given up my acting career, my dreams, my home, everything, in order to free Joaquin and discover the truth. But I didnt count on having to conceal my identity from my ex-boyfriend, Navy SEAL Grant Carrion. The man I lost my virginity to was caught up in an endless web of sins and temptations, unable to escape from his demons. As I strip down to my lingerie and dance for Grant, I know that every humiliating moment will be worth my sacrifice if I can give my brother his life back. And maybe I can find a way back to Grants heart.
