

## Unconditional: Always 1

She has a future she cant escape. He refuses to let her face it alone. Twenty-one. The age when adult life begins. In my case, its the age I learned my future sucked, big time, and there was nothing I could do about it. Every minute of every day I face the fact my life is only going to get worse. Why? Because I have early-onset Parkinsons disease. Im not going to let it get me down, but I also cant let anyone close. Thats not fair to them, or to me. Trust me. So that means my heart and my soul are off-limits. But then I traveled to Australia on a college scholarship program and life royally screwed me over. Again. Raphael Jones is an arrogant Australian celebrity, the hottest guy on campus and a pain in my ass. Worst of all, he makes me ache for a life Ill never be able to have. Especially when he takes me in his arms and does wicked things to my body. How do I have a hope of surviving ten weeks in Australia when its not just the paparazzi who have me in their sights, but Raph as well? Because Raphael Jones is a man who always gets what he wants. And no matter what I say or do, he refuses to accept what I so painfully know: a life and future with me is no life at all.
