

Blue Ridge Set Up

Not him. Anybody but him. When Kayla's great-aunt Lavender, an eccentric romance novelist, invites Kayla to come live with her in the Blue Ridge Mountains for the summer, Kayla accepts. No one will know she's there. No one will be disappointed in her failure. A failure she had kept a secret until Ryan Cummings destroyed her dreams. What Kayla does not know is that her aunt attends Ryan Cummings church and has decided Ryan and Kayla would make wonderful characters for her latest novel. Aunt Lavender hires Ryan to build additions to her property, making sure he will be around as long as Kayla is. Neither Kayla nor Ryan have any desire to be set up. However, as Kayla battles feelings of worthlessness that started when health problems got her sent home from the mission field, a friendship grows and blossoms, one that may become a reflection of the perfect love, the love that casts out fear, that Kayla has always longed to know.
