

Consensual (Consensual Series Book 1)

Braelynn Wolf is focused on two things: work and law school. That is how she survives. That is how she'll make a difference. Until she meets HIM. Peyton Haas is charming, dangerous, and forbidden. The defense attorney on Braelynn's first legal case is the only man who can cloud her judgment. Unable to stay away, she finds herself lying to everyone around her so she can spend time with the man who makes her feel things she never felt before things she never dreamed possible. With the legal case hanging on a thread, can Braelynn ignore the relationship she has built with Peyton? Or will she succumb to the man who has the power to throw away her future?
