Attend college, land the job of her dreams, and marry her high school sweetheart. Everything seemed to be falling into place, or at least that's what she thought. Having moved from Vermont to Las Vegas with her boyfriend Grayson, the last thing Addison expected was to come home one day to find all of her belongings packed up in boxes and her eight year relationship over. Heartbroken and lost, Addison finds herself, for the first time, unsure of what the future holds. But a chance meeting with a gorgeous bartender sets her on a path she never expected. Liam Mason isn't just your average bartender. There is something about him that doesn't quite fit but Addison can't put her finger on it, nor can she deny the sparks that fly between them. As much as she tries to fight her quickly forming feelings for Liam, his constant pursuit of her makes it impossible to resist his charms. When Addison lands a major project at work, she unknowingly sets herself up to discover that Liam is not who he says he is. When Addison learns the truth will she be able to forgive the lies or will she be forced to walk away from the one man who has consumed her entire existence? The Breathless Series is intended for mature audiences and is meant for readers who enjoy Contemporary, New Adult and Erotic Romance.
