

Minas Heart

Mina hadn't meant to stay in Vermont. She'd planned to collect her mother and move across the country so they could begin a new life. When Everett Burke asked her out, it shouldn't have turned into anything serious, but she fell hard. Everett had nursed a crush on Mina for years. When the strong, proud woman turned out to be a virgin--and emotionally vulnerable--he vowed to take things slowly. That included easing her into a D/s relationship slowly, not speaking frankly until he felt she was ready. When Mina discovers his deception and what Ever really wants from her, she breaks it off and flees to the other side of the country. Then one snowy morning, her car careens off the road. Rescued by the one man she dreaded seeing again, she found out she'd run for all the wrong reasons. Desperate, she submits a wish to Oasis. She wants to know one thing: Can they put the past behind them to build a future together?
