

Controlled by the Alpha: (M/M Paranormal Romance) (Alpha Doms Book 3)

Barrett grew up in a pack that never accepted him. His position as pack beta had no impact on their opinions of him either. It took six months under the rule of a new alpha before he left it all behind and happened upon his mate. Past the age most werewolves find a mate, Drew assumed he wouldn't be granted one until he scented Barrett. But what do you do with a mate that refuses to accept his future with you because of his past? If you're a dominant alpha like Drew, you force him to surrender it all to you.
