

Blood Escort: A Short Story (Tales from the Vampire Underground Story #1)

Blood Escort is the first story in a new series of standalone steamy romance short stories/novelettes chronicling the first forays of humans into the secret world of the vampires that live in plain sight within their cities. It contains strong adult content and language. When college senior, Abby, accepts the offer of a drink from a gorgeous stranger, she has no idea that he is one of Crimsons Men, secret escorts of a certain club that she had believed to be only rumor. Turning him down was the easy part. However, getting him out of her mind may be a little trickier. Who would have thought such an innocuous item as a business card could cause her so much grief?
