

## Crypto Love (The Justice Fraternity Chronicles Book 2)

Sidekick becomes hero to save superheroes everywhere. Chris, aka Crypto Man, loves being a sidekick especially the kicking part. When he returns to his boyhood home to search for clues about a recent increase in villains coming from the area, he finds himself face to face with a beautiful woman, and for the first time he has a shot at being the lead hero. Penna Banena always wanted to be a hero. She even gave up modeling to join The Wardens School for Superheroes. When she discovers its not only a scam but is providing inside information to villains, she stays on to gather enough evidence to take the whole ring down. Crypto Mans appearance throws her plan for a loop. Hes blunt, tough, and everything shes ever hoped for in a man. And although romance has to take a backseat to defeating the bad guys, if Penna has her way Crypto Mans world will never be the same. **REVIEWS:** If you want a delightful story about superheroes, one with lots of action, or just a short sexy read with a good plot try this one out.
