

Night Shift: Wolf Shapeshifter Menage Romance (Taking Two Book 1)

Nia expects her first night bartending at Club Growl to be exciting. After all, its her first time working at an establishment full of shifters. She doesnt expect to meet Scott and Alex, two handsome and alluring shifters who want to pay her for her company. Nia agrees but little does she know, there are some shifters with powers that go beyond changing their skin. Her new life is shaping up to be more interesting than the last, until a shadow from her past arrives to snatch her away. Authors Note: This is a standalone short with no cliffhanger and a happy ending. If extremely hot and sweaty sex isnt your thing, you want to skip this one. But if you like your romance hot and heavy (and I do mean heavy) this one is for you.
