

Broken (In My Blood) (Volume 2)

Warning this is intended for a mature audience over the age of 18. This is a novella. This is Volume Two of the In My Blood Series. Today is the day I set my plan in motion. No one else around here plans on seeing reason, that what is happening is vicious and nauseating. On top of being immoral and just wrong. Everyone is on my fathers payroll and simply goes along with whatever he says. I plan on changing that though. My father wants a daughter to take over his empire, all right. Ill do what he wants, but what he wont know is that I plan on changing what it is that hes is doing here. Im going to free every woman he has locked in that warehouse and any others that come along.
