

Full Frontal Feminism: A Young Woman's Guide to Why Feminism Matters

Feminism isn't dead. It just isn't very cool anymore. Enter Full Frontal Feminism, a book that embodies the forward-looking messages that author Jessica Valenti propagated as founder of the popular website, Feministing.com. This revised edition includes a new foreword by Valenti, reflecting upon what's happened in the five years since Full Frontal Feminism was originally published. With new openers from Valenti in every chapter, the book covers a range of topics, including pop culture, health, reproductive rights, violence, education, relationships, and more. Chapters include: You're a Hardcore Feminist. I Swear. Feminists Do It Better (and Other Sex Tips) Pop Culture Gone Wild The Blame (and Shame) Game If These Uterine Walls Could Talk My Big Fat Unnecessary Wedding and Other Dating Diseases Real Women Have Babies I Promise I Won't Say Herstory Boys Do Cry Beauty Cult Sex and the City Voters, My Ass Valenti knows better than anyone that young women need a smart-ass book that deals with real-life issues in a style they can relate to. No rehashing the same old issues or belaboring where today's young women have gone wrong. Feminism should be something young women feel comfortable with. Full Frontal Feminism is sending out the message to readers: yeah, you're feminists, and that's actually pretty frigging cool.
