

HOSTAGE (To Love A Killer Book 2)

Be careful who you trust. They say the heart wants what it wants, but what if what it wants is trying to kill you? Mysterious and strangely seductive, Ash is more than the man of my dreams, he's the man of my nightmares. We were brought together in the throes of killing the killers, our bond was stronger than the secrets and lies that had kept us apart, and I was certain this was the start of something real. Our deep connection is put to the test when I'm presented with a way out: play the game and win it. But I know it's not a game. If Ash and I don't defeat the men from the farmhouse, taking them out one by one in a calculated killing spree, my sister will be put to death in the most gruesome way imaginable. They have to be stopped and I will stop at nothing to do just that. But I'm being followed. Her name is Detective Sarah Voss. And she's the one person I can't kill. Time is running out. Ash and I must save my sister by going back to where it all began, dogging the police at every turn, before it's too late. This is a game we must win to stay alive. We must kill to win.

Erotic, raw, and darkly disturbing, *To Love A Killer (Part Two of Three: Hostage)* is the suspenseful and romantic continuation into the gritty love story of Hunter and Ash as they cross the point of no return carrying out their mission of vigilante justice that will keep you on the edge of your seat guessing, will love conquer all or betray it?

NOTE: HEROES will be released on October 17.
