

Marked: A Vampire Blood Courtesans Romance

Welcome to the shadow world of Blood Courtesans where vampires are real and blood is a financial asset. This is the world I live in. Being the baby sister in a family chock-full of slayers isn't easy. My entire life, I've watched my brothers venture out into the darkness to hunt the things that prey on the innocent. Vampires are evil, they tell me, but they refuse to let me fight.

Now, my best friend's life is in danger. She's racked up quite the debt, and the vampire she owes has come to collect. To save her, I need to go undercover as a blood courtesan and sell myself to the highest bidder. Enter Ethen Rune, an uncompromising bastard with a penchant for, well, me. My family says I shouldn't trust vampires, that they would drain me dry rather than look at me. But to save Tessa, I need his money. I never expected to fall in love with him. Or to become a monster myself.
