

Stepbrother Prince, Part 3

What if Cinderella's prince was her stepbrother and he was anything but charming? I used to believe my stepbrother prince wasn't truly cruel, used to believe that he might have feelings for me. I used to believe I had a chance in making him love me until I found out the prince didn't think me worthy of being his bride. Now, I just want to forget him. I just want to move on. But how can I when my stepbrother prince keeps seducing me and I just can't make myself resist his touch? Was it time for me to run away and never look back?
