Unfortunately their plans for the fall took them in entirely different directions. Despite their best efforts, family issues and life's circumstances got in the way, breaking both of their hearts in the process. Almost six years later they find themselves face-to-face, and old feelings resurface. When the past collides with the present, will they be able to resist the temptation, or will they finally realize that they're where they're meant to be? A 65k word novel of broken hearts, first loves, and ultimate sacrifice. New edition includes 15k words in bonus scenes. This is a standalone series with interconnecting characters.
