

Yours to Take (The Connaghers)

All fire and gunpowder need is a stray spark
The Connaghers, Book 3
The day one of her old clients gunned down a cop, former defense attorney Vicki Connagher lost everything her passion for justice, and her lover, Detective Elias Reyes. The dead cops partner. Even though she's following her dream to start her own fashion line, it's tough with heartache as her only companion. Until she brings Jesse, a wandering street artist, in from a freak Texas snowstorm. His submissive flirting brings out dominant tendencies she never knew she possessed, yet she hesitates to let him take her as far and as hard as she wants to go. Some homeless junkie in Vicki's house? Not on Elias's watch. Pride kept him away, but as long as Jesse is staying in Vicki's downstairs shop, he's staying with Vicki. On the couch, but it's a start. As the days go by, the three work out an uneasy alliance. But Vicki's joy at having Elias back in her life is tempered with a growing desire to have it all. Elias in her bed, and Jesse under her command. The only question remaining is if her tough alpha cop is willing to embrace all that she is
Warning: Explicit sex, BDSM, a tough alpha cop, a reluctant Domme, and a smoldering submissive street artist willing to do anything to belong to her.
