

Echo (The Little Flame Book 5)

Things are heating up fast on the East Coast, and even L.A. may not be far enough away from the inferno. Word is the fix is in and Im about to come head-to-head with my worst nightmare. Or my dreams are about to come true. Either way, I still have to figure out if the voices in Maxs head are figments of his imagination or spirits trying to warn. Im kind of hoping for the former, because a little insanity I can handle. Ultimate sacrifices and possibly losing the first guy whos actually cared about me in over 200 hundred yearsnot so much. Life may have been lonesome for this renegade healer, but it sure was a hell of a lot simpler before I lost my heart to the music man.
