

Deadly Readings (Jenkins & Burns Mysteries Book 1)

The first book in Laura Bradford's debut Jenkins & Burns mystery series! The Jersey Shore has always been known for warm sand, lively boardwalks, and the promise of carefree summer days. This season the small scenic town of Ocean Point, New Jersey, is not nearly as carefree as tourists would hope. The discovery of the body of a young woman is the first in a string of seemingly random and senseless murders, murders connected only by a warning from the same boardwalk fortune-teller. It's a crisis that puts local detective Mitch Burns on edge, and his job in jeopardy. It's up to him to solve the crimes and protect the livelihood of the town, a livelihood that relies almost entirely on tourists. With the help of newly hired local reporter Elise Jenkins, the two step out to discover who the killer is, before another body is found. This book was originally published under the title *Jury of One*.
