Amalie Davis loves her job. The only problem is she's stuck in cubicle hell sitting next to the owner's son, Tathan Madsen, who's making her life difficult. Amalie thinks he's just there to annoy her until she realizes who this heir is working alongside of her. He's a famous wedding photographer whose clientele ranks among the rich and famous. Getting Tathan to be your photographer comes with a price tag and it just so happens her best friend has been trying to book him for her wedding. The problem is he's so famous that asking him to take her wedding photos would be like asking Michelangelo to paint your apartment. But she can't let her best friend down. The deal. Go on a date with him and he will take the photos. That's it? Why does something as simple as going on a date with him have her wondering what he really wants? Authors Note: This novella contains adult language and sexual situations. Please keep reading at the end of the novella for the first sneak peek at *Delayed Offsides*, the second book in the *Crossing the Line* series that follows a group of hockey players.
