

Descended (Fallen Guardian Saga #1)

Destiny has two ways of crushing us by refusing our wishes and fulfilling them. Vie had no idea when she descended into the small town of Newcastle, Wyoming that she would find herself mesmerized by the mysterious and alluring eyes of one Carter Stone. And Carter believed he knew everyone that lived in his rural town until the day he locked eyes with Vivian Thorne. He couldn't help but wonder what was different about this girl he had known all of his life. He was right, Vie was the beautiful young Guardian that had been sent to their world looking for Carter and she did so merged in the vessel of the Thorne girl. Their meeting sparks a passionate romance between the two and soon after they embark on their journey to uncover the secrets of a past that they begin to realize they both shared. Their forbidden connection unleashes a war with disapproving parties and the lovers find themselves on a mission to uncover the truth of their not wholly human existence and their unbreakable bond. Darkness falls as Lucian returns to settle a score with them and their lives take a thrilling and terrifying turn. The only way for Carter to stop Lucian and save the one he holds most dear is to unlock the secrets of his past and unleash the powers within him. What are the chances that two raindrops, flung from the heavens, will merge on a windowpane? Gotta be fate! Deeply passionate and extraordinarily suspenseful, *Descended* captures the struggles between doing what is expected of you and unleashing your destiny, between fulfilling prophecies and desires, between loyalty and love.
