

# Wicked Fate

Magic has no place in this world, so technically neither do I. Those around me want to see me burnmake me explode underneath their accusing glaresbut I wont. Theres only one person that gets me hot, and weve never spoken to each other. Hes clueless to my fascination, but knows too much about secrets Ive never whispered. Hes different from the rest. The black sheep... Adam. I want him in my future, but my past threatens everything Ive longed for. I wont run, Ill fight. I dont know what destiny has planned. I only know love can be cruel, and fate is truly wicked \*\*16+ Some strong language and sexual situations\*\*
