

EDGE (A Romance on the Edge Novel) (Volume 1)

Living on the Edge can be murder. Hes lost his edge... Photojournalist Cache Calder lives to chase a great story. Hes just returned from the Middle East after surviving a suicide bombing that left him injured and grief-stricken. The last thing he wants is to travel to the wilds of Alaska on a Where Is She Now Assignment. But when his editor informs him that his subject is former kidnapping victim, Amelia Bennett who jump-started his career twenty years earlier, he packs his bags. She lives on the Edge... Mel Bennetts carefully maintained control unravels the moment she meets Cache Calder. Attraction flares for the man who seems to really know her. No one at the Edge of Reason Lodge is aware she was the young teenager whod survived one of the most publicized kidnappings in recent history, and she wants it to stay that way. But she starts to question her heart and her sanity when unexplained incidents begin to happen and a deadly threat returns to finish what hed started so long ago. A Peek Inside Mel closed the door and he heard the click of the lock fall into place. His heart leaped in his chest. She held his gaze as she sauntered toward the bed. He slid over and threw the covers back in invitation. She paused and his heart skipped a beat. Dont turn back now, baby. Mel flicked off the lamp next to the bed, and the evening sun filtered the room with seductive shadows. Slowly, gathering the folds of her nightgown, she raised it until her knees were free to climb onto the mattress. He gave in and grabbed her, yanking her into his arms. His lips captured hers and he held her tight to his chest. A groan, hers or his, he wasnt sure, vibrated between them. She tore her lips free. Better make this worth my while, shutter boy. He flipped her over onto her back and rose above her. Never pressure a man to perform.*This book also contains bonus material on Tiffanie Helmers novel HOOKED. The 2nd book in

the Romance on the Edge Novels.
