

## Devons Gamble (Wolves Heat) (Volume 2)

The second book in the Wolves Heat series from Odessa Lynne! Don't run if you get caught unless you want claws in your spine and teeth in your neck and two hundred pounds of lust-crazed wolf on your back. First contact between humans and the alien species they've nicknamed wolves couldn't have been more tranquil. The wolves shared their superior technology and knowledge in exchange for a new home, and thousands of wolves abandoned their aging spacefaring ships to settle in Earth's forested mountain regions. But the wolves held some secrets too close and humanity has begun paying the price. Once every three years, humans become sexual prey to a species that has no control over the urge to mate because of an unexpected and devastating attraction to human scent. Heat season has arrived and Devon has taken a dangerous bet that puts him dead center in the midst of a pack of wolves. When a wolf claims Devon as a heat mate, Devon has one choice: submit, or die. This book contains male/male sexual content and is intended for mature audiences. Romance for anyone who likes hot male/male loving with a strong dose of alpha romance!
