

Bellas Beast (Naughty Fairy Tales)

Isabella Thomas has a problem that she cant take care of. Her brother is a compulsive gambler that cant say no to the rush of another big wind despite Isabellas losses from bailing him out. This time, Isabella has no house, car, or funds to give up for collateral and her only option is Elijio Vargas, the Beast of the Darkness, a man cursed to walk in the daylight as a wolf. The Beast chooses to save her brother under one condition: Nates debt is now Isabellas, and the new deal is for her body. Isabella cant stop herself from giving in to Elijio, and he cant stop himself from remembering that he does have a heart, and shes quickly stealing it. Will Isabella be saved, or will Elijio have to show just how much of a beast he can be?
