

Metamorphosis (Book Boyfriend Series) (Volume 1)

Scarlett MacGregor has lived a very sheltered life courtesy of her over-the-top controlling parents. Having never been to a co-ed party, much less on a date, Scarlett has relied on her books, her music, and living vicariously through her best friend Evie to keep her sanity as she patiently awaited her freedom from their rule. During their first semester away at college, Scarlett and Evie, both avid readers of romance novels, concoct the idea of a contest to find their real-life book boyfriends. Scarlett quickly meets Ashton, Dylan, and later, Mason, and is thrown into a crash course of like, love, and lust. With Evie's help, she must figure out the difference in the three and which one she wants before she ends up without any of them. Metamorphosis is the story of Scarlett's transformation from a young, naive girl to a strong, mature young woman and her search for self-discovery and true love. Recommended for readers 17+ due to sexual content and harsh language.
