

Krystas Curse (Whispers Book 3)

Everything about Krysta Richards is wrong, from her short height to her unmanageable hair. Her ability to talk to spirits doesn't help things, either. Her physical flaws don't seem to matter to Bryon, her lab partner. Just as the chemistry between them is about to ignite, a homicide detective asks her to summon a murder victim, her drunk father suddenly takes an interest in her life and her dead friends enlist her in a crusade to save their decrepit cemetery. She dreams of gracing the cover of Cosmo, but if she can't get her life back to normal, she'll be labeled the poster child for Weirdo.????? ***Also available*** Book one, Sophies Secret Book two, Dont Tell Mother Book four, Visions of the Witch Book five, Sophies Secret Crush Book six, Witch Blood
