

Sentinels: Lion Heart (Mills & Boon Intrigue) (Nocturne, Book 38)

Awakening the beast within Joes heart is as rocky and impenetrable as the Arizona mountains he guards. Following the death of his partner, his dark reputation - and the ferocious cougar form he has the power to shape-shift into - spells danger to the unwary. Lyn is a woman on a mission. The dark-eyed shape-shifter has come to find out the truth about Joes partners death, but she quickly discovers shes vulnerable to Joes power. As they hunt the mountains, seeking proof of Joes innocence, can she trust her instincts about the proud loner? Especially when her judgement is overwhelmed by the wilder urgings of her heart
