

Double Dare (A Modern Fairy Tale)

First impressions are lasting impressions... Pastry baker Emmaline Sharp is one business connection away from turning her bakery into something more than the dessert shop on the corner. She believes she's found Mr. Right in cafe owner Tobias Merchant. His Caff-aholic brand of freshly brewed coffee makes him the perfect partner. When she accepts a dare that thrusts her naked self into Tobias' waiting arms, she jeopardizes her entire future. Emma will have to convince him to give her another chance, and somehow she'll just have to ignore the unexpected passion he ignites within her. Tobias needs the connection with Emma's bakery, Sweet Tooth, in order to liberate himself from the financial and emotional obligations of his past. Unfortunately, Emma's reckless behavior leaves him doubting she can be level-headed and business savvy. Every one of his instincts tells him to walk away, but she's a temptation he can't seem to deny. He's inexplicably drawn to the lightness in her, especially when he knows just how dark the world can be. Against his better judgment, Tobias ignores his instincts and proceeds to form a partnership with Emma. When their relationship shifts from business to personal, will Emma and Tobias be able to conquer their demons and find their sweet reward before the deal turns sour?
