

Spark

Im failing. My younger brother is getting worse, and my job - my duty - is to help him at all costs. Weve tried everything modern medicine has to offer and nothing works. Nothing. Deciding to turn to unconventional treatments, we end up at Fire-on-the-Mountain, a holistic resort deep in the Rockies. In our search for medical marijuana, I find beautiful, free-spirited Hudson Shavell - a girl who may not only hold the key to heal my brother, but to fix me as well. Even though I cant afford distractions right now, shes all I can think about. All that I want. Its funny how everything can change with one little SPARK. ***Though Spark is the first book in the Fire on the Mountain Series, it is a stand alone novel*** ***Intended for mature audiences only***
