

Dragon Ties: The Chronicles of Shadow and Light, Book 2

Having barely escaped from the Plains of Fire with her life, Auri follows the pleas of her father and sets out for the safety and knowledge of the Dragon Masters. Once there, she hopes to immerse herself in their training and become the decisive edge that Terradin needs to stop Obsidian and his Rebels. But before her journey has even truly begun, someone dear to her is ripped away from her. Reeling from the loss, and with Terradin growing ever darker around her, she is forced to make a terrible decision that will have lasting repercussions. Does she cling to what once was? Or does she reforge herself anew like the fabled phoenix, and rise from the ashes to burn brighter than ever before.
