

Dragon Wife (Dragon Clan Book 1)

The clan is waking. After centuries of spellbound sleep, dragon-shifters are returning to the mountains. They are few in number, and the outside world has become overrun with humans. Huroth, the dragon chieftain, recognizes a need for his kind to adapt, by forming alliances and mate-bonds with humans, but his clan is divided. From the first time she meets him, Lady Orwenna is drawn to the magnificent chieftain. The mind link he forms with her is both fascinating and frightening, as is the powerful attraction she feels for him. If only she knew what was in his heart. Does he want her for the woman she is, or for her magical abilities? When war breaks out between kingdoms and ancient enemies of the dragons resurface, the clan will be tested. In the midst of uncertainty, can Huroth and Orwenna find their way together?
