

Dream Doctor (Dream Series Book 2)

Between adjusting to life as a newlywed and trying to survive the first month of medical school, Sara Alderson has a lot on her plate. She definitely doesn't need to start visiting other people's dreams again. Unfortunately for her, it's happening anyway. Every night, she sees a different person and a different dream. But every dreamer has one thing in common: they all hate Dr. Morris, the least popular professor in the medical school, and they're all dreaming about seeing him or making him dead. Once again, Sara finds herself in the role of unwilling witness to a murder before it happens. But this time, there are too many suspects to count, and it doesn't help matters that she hates Dr. Morris every bit as much as any of his would-be murderers do. Dream Doctor is the second book of the Dream Series.
