

In Her Dreams (novella) (Novella)

A flirty, fun, mix-and-match romance about two sisters who are betrothed to the wrong men... Evangeline Vernon is a woman on the verge of spinsterhood until the prim and proper Duke of Manchester steps in. Her family is pleased with the match, but the duke is not the passionate man Evangeline craves. Her heart belongs to an alluring, golden-haired gentleman, perfect in every way...except one: he doesn't exist. Angela Vernon is everything a proper, well-brought-up woman should be. She knows her place and understands society's expectations which include not being jealous of her sister and not coveting her sister's suitor. But how can she bear the heartache of watching the only man she loves marry not only her sister, but a woman who doesn't see past his exterior to the man he is beneath? Praise for IN HER DREAMS (NOVELLA): This novella manages to pack all the punch of a longer story, while not leaving great gaps in understanding or detail for the reader. The premise for this story was utterly delicious... a delightful escape. I am, indeed In Her Dreams is a lovely historical romance with endearing characters and a feisty heroine. Swept Away by Romance With engaging characters and a unique love story, In Her Dreams will sweep you away to another time and place and leave you with tears in your eyes and a huge smile on your face. The Lusty Penguin I highly recommend fans of Historical Romance give this novel a try. And even those just looking for a fun, quick read What The Cat Read
