

Dragon Dreams: The Annals Of The Dragon-King Cerralys Book One (Volume 1)

The characters are rich, and spring to life on the pages, drawing you into their lives as you walk beside them on their journeys. ~Readers Frenzy The heart of Terradin ... is fading away, and its only hope rests in the one person that Nachal has vowed to protect at all costs. Because to save her, is to save them all. Nachal, foster son of the great Dragon-King Cerralys has the same dream night after night. In them, an elf named Auri lays dead, murdered by the Rebel Dragons leader Obsidian on a massive plain of fire. Racing against time, he sets out from Eldaria to prevent the prophetic dreams from coming true. To do this he must avoid capture by the long reach of Obsidians gathering army, and find a mystical land that has been lost for more than two decades. A land that is reputed to flow with breath-taking beauty and vitality. But will what he finds there be what he needs? Or something that will haunt him for all eternity.
