

## Naturally Enchanted

Ezra Ravenhart has lived with the rumors of her family's witchcraft her whole life. Too bad she doesn't believe them - she'd conjure up a boyfriend. But the thing called love remains as mysterious as her Gran's herb shop on their tropical island. As a struggling journalist, Owen Cooper has to make a name for himself, and a tip that a real-life witch is living on Mango Cove may just lead to the big story he needs. Undercover as a shipwrecked tourist, he worms his way into Ezra's family - and their secrets. But how will he handle the fact that Ezra has found the magic answer to his heart when his body belongs in Chicago? And is their love strong enough to survive the evil stalking their every move?
