

Travel Logged

The night he lost his wife, Owen Beyer became a lost man. Consumed by grief and alcohol, Owen was on the brink of losing his top executive position when he was offered one last chance. Owen was ordered to join a tour group for a tour agency that his company had just purchased and report back on any problems. Reluctant to do go, he was fortunate to have Juan, manservant and lowly caterer, along with him to drag him onto the tour. Coming to, Owen finds himself on tour of Europe. But eventually he turns the cards on his company by hijacking the low budget tour group to take them on a deluxe tour of Europe with all expenses paid by his employer. Along the way, he falls in love with the beautiful member of the tour group, an art enthusiast, Kathy Sullivan. The tour group spends the rest of their time in Europe one step ahead of the law as the company and Interpol try to catch up with Owen Beyer. Travel Logged is a romantic comedy with strong characters and plenty of heart. Along the way, peoples real identities are revealed as you cheer for Owen and Kathy to first get together, and then stay together. Read Travel Logged for the time of your life.
