

## Afraid of the Dark (The Darkness Series Book 3)

It was a simple plan. Nothing should have gone wrong. Anna would be sent away to study under the same Hungarian shaman woman who had mentored her mother, keeping her far from the dangers of the war raging back home. Only Allen and Jay know where she is, and Jay will be at her side always, guarding her so she can focus on expanding her abilities to help her Hunter family. And that is a whole other can of worms Anna isn't sure she wants to open. But nothing worth having in life comes easy. Despite their caution, Anna and Jay are tracked from Budapest to the sleepy town in the Transylvanian mountains by a monster. While he has his sights set on Anna, no one who gets in his way will survive, and Anna stands to lose the one thing she can't live without.
