

THE PAPER ROSE CLUB

If you love cozy mysteries, then you'll love this delicious story by best-selling authors Jennifer Youngblood and Sandra Poole that has lots of southern comfort and sass. Four best friends. A lifetime of memories. Nothing could ever come between them or so it would seem. Welcome to the quaint town of Honeycomb, Alabama where life is anything but serene. Roxie Fisher must fight to save her bakery from the greedy clutches of her lifelong nemesis, Imogene West, while trying to finagle a way to keep Gus Malone, the love of her life, from falling for her spoiled but beautiful designer friend, Rose, who's determined to make Gus number four in her long line of husbands. Roxie gets lots of help and unwanted advice from Bobbi, her busybody friend and Pollie, her hypochondriac sister. Things really heat up when some long-hidden letters are discovered, bringing to light a shocking scandal that threatens to set friendship on fire and reek havoc on the town. Lots of cat fighting and cake slinging going on in this story that pulls on the heartstrings. It's about the friendships that define our lives and the secrets we all keep from each other.
