

## Ensenada Escapade (Destination: Desire series)

On a road trip straight from hell, things take a wrong turn straight to heaven. Destination: Desire, Book 6 Back in junior high, Ben Hudson tried the pull-the-girls-ponytail route to romance with Nora Kirby. It was the start of a decade and a half of mutual antagonism, which masks how desperately he'd like to get his hands on the grownup version of his boyhood crush. Then he overhears Nora planning to drive to Ensenada, Mexico, to pick up her stranded younger sister. Oh, hell no. No way is she going alone, even if he has to resort to blackmail. The last thing Nora needs on this trip is a pushy, antagonistic lawyer who's been a thorn in her side for years. She's a nurse; she can handle an emergency. But she's not sure she can handle long hours within arms reach of the most attractive man she's ever met. Predictably, they spend much of the trip bickering. Then, somehow, kissing. And it's mind-blowing. Desperate-for-more, knows-she-shouldn't amazing. When the chips are down, they make a great team but when the crisis is over, will they retreat to their respective corners? Warning: Contains two stubborn people. A smooth-talking lawyer who knows when to play rough, and a no-nonsense nurse who doesn't know whether to kiss him, or kick him. Naughty sex in all the best positions up, down, upside down, and backwards.
