

Entangled Souls (Scarred Hearts #1.5)

Mangled Hearts become Entangled Souls. Cade is on the road to recovery with Francescas love and support guiding him. His life is changing drastically, from attempting to mend the rift between he and his father, to trying to have a normal relationship with his now fiance. Most of all, Cade must find a way to control his urges so he can be completely released from rehabilitation. Francesca is building her law firm with the help of those she loves most, but when a close friend reveals her true feelings about Francescas engagement, it sends her emotions into a tailspin. Through all of this, she is forced to put her feelings on the back burner for everyone else, until the anniversary of Josies accident rolls around. Francesca must learn to put herself first before she falls apart. In this novella, join Cade and Francesca as they explore their relationship and begin their lives together.
