

Esencia divina (Baraka) (Spanish Edition)

Merging Eastern concepts of devotion and the presence of the divine in everyday life with Western practicality, this collection of short reflections offers information on spirituality and relationships with God. The lineage of each individual's direct connection to God, the process of working with a spiritual master, and methods of screening a spiritual master are all described. Uniendo conceptos orientales de devoción y de la presencia de lo divino en la vida diaria con la practicidad occidental, esta recopilación de meditaciones cortas ofrece información sobre espiritualidad y las relaciones con Dios. Se describe el linaje de cada persona y su conexión directa con Dios, el proceso de trabajar con un maestro del espíritu y métodos de examinar a un maestro espiritual.
